## All-Year-School Committee In Final Report To Board

By Margot Hyatt

A final report on the feasibility of an All-Year-School as a way of eliminating the need for building new school buildings to accommodate increasing enrollments in the Carmel Unified School District was delivered at a school board study session Tuesday afternoon at the district offices.

The committee consisted of Dr. Jack Taylor, Human Relations Research Organization, chairman, Betty Roth, non-graded elementary teacher at Carmelo School, Walter McCloud, merchant and former educator, Mrs. Joan Spear, part-time social worker and housewife, Mrs. Phyllis Davies, high school language teacher, Laurette Toldi, housewife, and Dr. Dan Yurkovitch, administrative assistant to Supt. Dr. Harris J. Taylor.

Under the quarter system, three-quarters of the school enrollment is in school at a given time increasing capacity by one-third; under the trimester system, two-thirds of the school enrollment is in school at a given time, increasing capacity by one-half. Conclusions in the report based on articles describing successes and failures of All-Year-School programs elsewhere were mixed.

Some of the plus factors centered around the greater flexibility of programming,

opportunities for enrichment, acceleration toward graduation.

Large age disparities would be eliminated for children entering kindergarten.

Student/teacher ratio reduction was found to be a most desirable factor.

Opportunities for student employment might be increased.

All-Year-School might disrupt natural friendships and groupings, but might cut down on "cliqueyness" by enlarging circles of acquaintances. Children in under-populated areas might be lonely during vacations when other children are in school.

Teacher would have opportunities for increased work time and salary, especially attractive to the men. Their university study and travel time might be facilitated in the winter terms.

Curriculum innovations provided by definite blocks of time would be of unquestioned benefit. Since large enrollment increases would be permitted, the shortage of good teachers would be alleviated.

It was recommended by the committee that a system analyst be hired to compare the relative costs of financing and building new facilities and staffing them with

## Sierra Club Will Sponsor Clean Air Panel In Brey Hall Jan. 23

The Ventana Chapter of the Sierra Club will sponsor a panel discussion on clean air in Monterey and Santa Cruz Counties on Thursday evening, Jan. 23 in Carmel High School's Brey Hall, beginning at 7:30.

Panelists will include Charles Kramer, who was co-chairman of Citizens for Clean Air during the Humble Oil Refinery battle, and currently chairman of the Air Pollution Control Advisory Committee for the Monterey-Santa Cruz District.

The second panelist will be Edward Munson, Air Pollution Officer of the Air Pollution District, and the third panelist is Paul Matthew, of

San Francisco, Pacific Gas and Electric manager for steam generators throughout the PG & E service area.

Moderator for the panel discussion will be Earl L. Moser, chairman of the Sierra Club Conservation Committee.

According to Moser, the Sierra Club is sponsoring this meeting to provide a communications opportunity which will result in a better understanding of the relevant facts on local air pollution.

The public is invited to attend this panel discussion to raise questions and express opinions about pollution control problems in this area.

## Edgemere Building Plan OK'd By Planning Commission

At its yesterday afternoon session, the Carmel Planning Commission took what may turn out to be a next-to-last step in dealing with the long-disputed request by owners of Edgemere Cottages, to reconstruct and add to, two of their motel units.

That step was approval of the proposed design of the two units.

After rejecting a flat-roof design which was thought to be out of keeping with the general architectural scheme of homes in the residential area—San Antonio between 13th and Santa Lucia—where Edgemere is located, the commission approved an alternative pitched-roof plan.

City Planning Director John Rilling pointed out that this granting of design approval could not, however, permit Edgemere owners to go ahead with their reconstruction plan.

First, he said, the City Council would have to hold a hearing and act upon, an appeal filed by 39 Carmel

residents against the granting of any permit to Edgemere to carry out the rebuilding and expansion it seeks.

That City Council hearing is scheduled to begin at 8 p.m., Wednesday, Feb. 5, at City Hall.

In action stimulated by what planning commissioners had found to be questionable and ambiguous language in the motel control ordinance which was to govern the granting or denial of a request such as Edgemere's, the commission yesterday set up public hearings on the proposed text of four new ordinances which would clarify disputed points in last spring's residential-area motel control ordinance.

That public hearing will begin at City Hall, at 4 p.m., Wednesday, Feb. 19.

At the beginning of yesterday's meeting, commissioners heard a presentation by Lee Hill who plans to build condominium units on a 10-acre plateau site in the

## Peninsula Welcomes UHF Channel 46, KMST-TV Broadcasts Start Soon

Stoddard Johnston, president of Monterey-Salinas

Television and Bill Schuyler, vice-president, have announced that practically all technical problems had been dissipated and routine matters are now being processed.

KMST-TV, the new CBS outlet in Monterey, is polishing up last minute details to go on the air within the next week.

Channel 46 will be the exclusive outlet for all CBS programs in the Monterey-Salinas area.

The area coverage is engineered to adequately cover the Monterey Peninsula from Santa Cruz to South of Carmel and in the interior and Salinas Valley from Gilroy to King City as saturation coverage.

There is a distinct possibility of this station being received in San Jose to the North and as far East as

Los Banos.

Many questions have arisen from viewers as to how to acquire Channel 46 on their television receivers.

Those who are on cable television will automatically receive the new channel. Anyone who has purchased a set since March of 1964 has the capability built into their set, by Federal Law.

Those whose sets were built previous to that date should consult their own television technical repairman who can advise them of a small cost of converting their receiver to acquire Channel 46.

KMST-TV has a contract with CBS and will be the only outlet in the Monterey-Salinas area for the long favorite programs such as Walter Cronkite News, Jackie Gleason, Here's Lucy, As The World Turns and The Smithers Brothers.

## Citizens' Group Seeks Expansion Halt For Residential Area Motels

By Gunnar Norberg

Key action taken at Tuesday night's annual town meeting of the Carmel Citizens' Committee was a near-unanimous approval given to a resolution presented by Vice Admiral R. W. Hayler (USN, Ret.), which sought to stop any expansion of the recently legalized motels in the residential areas of the city.

Presentation of the resolution followed a detailed outline of the Committee's activities during the past year by Rear Admiral C. W. Fisher (USN, Ret.), who heads the Committee. He stated that an appeal had been filed against the permission tentatively given to Edgemere Cottages to expand building coverage while rebuilding two of its units. Located in a Carmel residential area, on San Antonio between 13th and Santa Lucia.

After Admiral Fisher had expressed his opposition to the granting of the permit which Edgemere has long sought, and after he had urged all interested persons to come to the City Hall at 8 p.m., Wednesday, Feb. 5, to be heard when the City Council is due to hold a public hearing on the Edgemere matter, Admiral Hayler presented his resolution, which was expressed in decisive language, as follows:

"The present motel ordinance appears to be inadequate in its present form, to preserve the status quo of motels and guest houses in the residential districts of Carmel, and is also inadequate to prevent expansion of such structures in the residential district, and is, therefore, not in accord with the intent and purpose of the ordinance, as it was presented to the voters of Carmel for their approval.

"Be it resolved, therefore,

that no action whatsoever be taken by the City of Carmel on any request for amendment of use permits issued under the motel ordinance; until the ordinance is amended to prohibit expansion; further, that such action is long overdue and should have immediate attention by Carmel city officials."

In the discussion which preceded the vote on the Hayler resolution, comment was generally favorable to its purpose, except for a statement by Jinny Zack, a motel operator, who wondered about some of the implications of the comments made, but who added that she had thought that "no new motel units could be added" under the disputed ordinance.

When a chart prepared last week by Chief City Building Inspector Fred Cunningham was quoted with reference to the conceivable possibility that 33 additional motel units might become permissible under some interpretations of the disputed motel ordinance's provisions, and that 19 of them were listed for motels which were identified as owned by the Zacks, she questioned the quotation and emphasized that she did not have expansion in mind.

Among those who spoke in favor of the Hayler resolution were Ritter Holman, Ethlinda James, Leslie Gross, and Carvel Baldwin.

An anti-pollution request to the Monterey-Santa Cruz Air Pollution Control board of directors (who are the supervisors of the two counties they represent), was presented by Earl Moser, and was approved without audible dissent. The strongly worded request was presented because action to reduce or eliminate air pollution caused by the P.G. & E. at its huge new Moss Landing plant, is about to come before the Air Pollution board.

In a separate presentation, Carvel Baldwin spoke of his experience with parking of commercial vehicles in his residential area, and asked for support before the City Council when action on his request to halt such parking, comes before that body.

Officers re-elected at the Citizens' Committee meeting, were: Admiral Fisher, president; Percy Wilson, Treasurer; and D. Paul Medallie, secretary. Directors chosen were: Dorothy Green Chapman, Alice Hughes, and Bernard Anderson.

## World's Most Colorful Personalities Gather For Crosby

Some of the world's most colorful celebrities will pair off Jan. 23 with the world's greatest professionals to compete in the 28th National Pro-Amateur Golf Championship, sponsored by Bing Crosby.

It will be the 23rd year that it has been played on the famous golf courses of the Monterey Peninsula, Cypress Point Club, Pebble Beach and Spyglass Hill for \$150,000, the largest purse in its history.

Dates are Jan. 23, 24, 25 and 26, with the field rotating the first three days over the three courses. On the last day, Sunday, the low 30 teams and pros in the money will play out the final 18 holes of the 72 hole tournament at Pebble Beach before what is anticipated will be one of the largest galleries

in golf history and before millions of viewers from coast to coast.

This year, according to Larry Crosby, tournament chairman, 168 invitations went out to the amateur golfers. Playing will be Phil Harris, Tennessee Ernie Ford, Pat Boone, Sean "James Bond" Connery, Clint Eastwood, James Garner, Jack Lemon, Dean Martin, Bob Newhart, and many others. From the sports world will be Ralph Kiner, Elroy Hirsch, Jack Kramer, Tony Trabert and Alvin Dark.

Galleries will again get a "million dollar lesson" for the price of a ticket as they follow Palmer, Casper, Nicklaus, Boros, Archer, Ford, Lunn, Travino, Pott, Player and all the rest. They divvy up the \$150,000.

There will be a qualifying round on Monday, Jan. 20,

for approximately 20 professional spots.

Tournament season tickets are \$20 including practice rounds. A Saturday and Sunday combination is \$10. Single day tickets are \$5 Thursday and Friday, and \$6 Saturday and Sunday.

Throughout its history all proceeds of the tournament have gone to charity, now totalling well over \$2 million. One group of charities in which Bing Crosby takes pride are the student loan funds in over 50 colleges and universities in 30 states.

Many youth centers throughout California also owe their start and continued support to the Bing Crosby Youth Fund money.

It was Bing Crosby, himself, who envisioned a tournament over three golf courses simultaneously. This had

never been done before except in England.

His friends in show business, television, sports and among the nation's great amateurs make up half the field that draws the big galleries, each year. They pair with the world's most famous professionals.

During the hectic 28 years more words have been written and jokes made about the weather than any other feature of the January affair, yet actually there were only four days lost because of weather in its history. And most fans seem to ignore the snow, the wind and rain and have a ball.

There is a magic in the Crosby Clambake that starts with Bing and filters on down to the grass roots. Seven thousand amateurs a year ask to play in it. Only 168 make it.

## Grunsky, Pattee Fight Drilling

State Senator Donald L. Grunsky (R-Central Coast Counties) has introduced legislation in cooperation with Assemblyman Alan G. Pattee (R-Monterey County) as co-author, aimed at protecting one of California's precious natural resources—Monterey Bay.

Grunsky's bill would prevent oil exploration within the Bay in Monterey and Santa Cruz Counties. At present, oil exploration is prohibited in a portion of the Bay; however, the proposed measure realigns the boundaries of an oil sanctuary in Monterey County and brings the Santa Cruz County portion of the Bay into the sanctuary for the first time.

"The Bay ultimately can be the oceanographic center of the West Coast," Grunsky said. "Oil drilling would be inconsistent with such plans."

The Republican Senate leader added, "No oil company would expend the considerable money necessary for exploration unless it hoped to find oil or gas deposits, and hoped to extract them."

"If a major deposit of oil or gas were discovered in one of the lands excluded for extraction of oil, it would merely be necessary for the State Legislature to amend the code to permit the extraction of the oil."

"The people of Monterey and Santa Cruz Counties do not want this to happen and lose Monterey Bay forever, because of the pollution and destruction of marine life associated with oil drilling."

Grunsky said strong support has been voiced by the City of Monterey and the Santa Cruz County Board of Supervisors, plus such agencies as the Association of Monterey Bay Area Governments, Monterey Peninsula Chamber of Commerce and the Monterey Bay Ocean Sciences Council.

## MPC Photo Class Print Exhibit

"Photo 52," an exhibition of photographic prints by members of Monterey Peninsula College's advance photography class, will be on view in the MPC library lecture hall until Jan. 22.

The show represents photo essay and picture story assignments completed during the current semester. Each photographer was responsible for a portion of the hall's exhibit area.

Exhibitors are Doug Cunningham, Terry Dettmann, Gabriel Ecker, Jim Hilden, Bob Moore, Bob Murray, Steve Myrick, Frank Rombi, Ke Shih, Joe Snyder, Al Wontow, Bob Childers, Ransom Haig, Bob Moody, Bob Divale, Pat Gargaetas, Jeff Zimmerman, Chris Bickford, Marc Davey and Margot Hyatt of the Pine Cone staff.

The public is invited to see the show during the hours when the library lecture hall is not in use for classes.

## Weston Daybooks On Channel 9

The Daybooks of Edward Weston will be featured this evening on KQED (Channel 9) in its current series, USA Photography.

The program is scheduled for 10:30.

The Daybooks, recently published by Nancy Newhall, were kept by Weston over a period of many years and in them he jotted down his ideas and philosophy toward his work.

A painstaking and meticulous worker, Weston spent hours and sometimes days studying a scene before he photographed it.

He found his greatest challenge in using a large camera, from which he made contact prints that were rich in detail and brilliant in tonal qualities. He sought to produce prints which, like etchings or lithographs, would be of value as independent works of art, to be framed or kept in portfolios.

Edward Weston had a tremendous influence in the development of photography as an art form. Together with men like Alfred Stieglitz and Paul Strand, Weston saw the possibilities and had the vision to elevate photography to an independent medium, fully capable of the most intimate, subtle and creative expression.

A number of his prints are on permanent display at the Harrison Memorial Library, Carmel.

Weston moved to Carmel in the Twenties and except for a short period from 1936 to 1940 spent his time working in the Carmel area. He died on Jan. 1, 1958.

## Book Coming Out

Another Carmelite has distinguished herself by writing and having a book published. Dr. Patricia Merivale, Carmel High School graduate of 1951, who teaches English composition at the University of British Columbia at Vancouver, was a winter visitor last month when she visited her parents, Mr. and Mrs. Alexander Merivale.

Her new book out on Jan. 19 is "Pan, The Goat God," published by the Harvard Press.

Dr. Merivale was one of the first 16 Radcliffe girls to get a PhD at Harvard. Her B.A. was at U.C. Berkeley and she earned a master's degree at Oxford in England. She recently gave a paper for the Modern Language Association in New York City, according to her teacher, Elise deCelles Beaton who taught French and Latin at Carmel High for many years.

## Witter Lauds Dental Supply Investment

A projected national trend toward better dental care will be a boon to the dental supply and equipment field, according to Dean Witter & Co. Incorporated.

The investment firm, in a research study just released on the Dentists' Supply Company of New York, Inc., considers that the common shares of Dentists' Supply offer the intermediate to longer term investor an interesting opportunity to participate in an expanding growth area.

In Dean Witter's opinion, dental supplies and capital equipment will become increasingly more significant as Dentists' Supply increases its penetration into the preventive dentistry market.

The research study made a number of interesting points to support the contention that the future growth of the dental equipment and supply field should be in the area of 15 per cent per annum. The study pointed out that:

Less than 50 per cent of the population ever visits a dentist. Many people visit the dentist only for emergency treatment. As levels of income and education in-

crease, the trend will be toward better oral health resulting in more dental visits.

The number of people under 21 and over 65 is increasing more rapidly than the total population. The under-21 group requires a great deal of preventive dentistry, while those over 65 need restorative dentistry.

The public's attitude toward dentistry is gradually improving. Health and cosmetic consciousness will motivate more people to seek dental care.

Government funded programs will eventually extend dental care to huge segments of the population which have lacked even the simplest treatment.

The number of persons covered by dental insurance will jump sharply.

An estimated 3,380 dentists are graduating each year, and Dean Witter analysts expect this figure to reach 4,360 by 1975. The annual increase in the number of new dentists will expand at a rate somewhat greater than historical levels.

A high percentage of newly graduated dentists are either in the Armed Forces or deferring equipment purchases because of anticipated military obligations. The end of hostilities in Vietnam would free many young dentists from duty and create a surge of office equipment purchases.

There are currently an estimated 56 active dentists per 100,000 people in this country, compared with 61.8 in 1940. The ability for each dentist to handle more patients through the use of equipment aides will become increasingly important.

### TIGER WIND

All night the sea-wind blows  
against the shore,  
Like a lean tiger howling,  
hunger in its belly.  
The starved wind, stalking,  
prowling the rocky coast,  
in its sinuous moving,  
the snarl of its anger,  
shivers the cypress,  
with terror-shock,  
that claws may slash,  
and jaws devour them.

There are such tigers on the coast  
of any man's being.

Jean Dudley

### LITTLE BOY BLOW

At dawn a gamin of a wind  
Comes romping down our valley.  
Last night, a tender toddler-breeze,  
He scarcely rustled grass and trees—  
But all-night practising on these  
Aged him to practically  
A sixth-grade blow before dark thinned.  
Now sunrise finds him sturdy-skinned  
And really quite undisciplined.

Helen Faulkner

### TEACHER

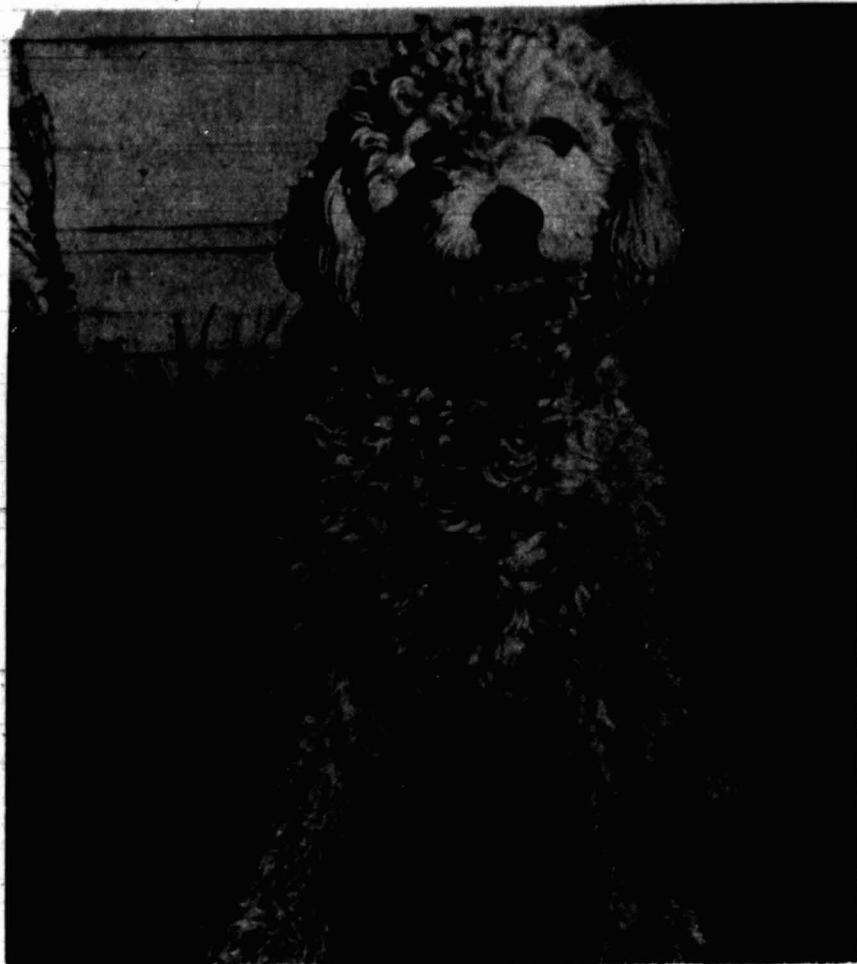

Her empathy was pure as first waters.  
When she leaned towards her pupils  
Hope crackled in the air,  
And knowledge was like the taking of  
a needed drink.  
Her discipline was ice  
Tempered by a southern sky;  
And love —  
It caught them in a net of purple stars.

Dulcie M. Gawne

### TWO PELICANS

Pelicans, two of them,  
Plasts of broad-winged dignity  
On a sea whose trellis  
Green encumbered lies  
From South to North;  
Ah, birds . . . your flight:  
Ended as begun —  
Like a written word  
Or the setting of a sun —  
Things we have heard  
Spoken in the language of light  
When beauty was our mentor . . .  
(Moments by the sea).  
Tiny portraits amid broad swirls of paint,  
Images frozen from the fluid of reality;  
We whose lives are drawn  
In mumbled cantillation,  
Singing of the beauties of ourselves . . .  
Blind to the voice of pelicans,  
Deaf to the red light in the West  
That speaks of truth!

### MPC Brass Concert Set For Monastery

The Monterey Peninsula College Brass Ensemble, conducted by MPC music instructor Henry Smith, will appear in concert Friday, Jan. 17, 7 p.m. at the Carmelite Monastery on Highway 1 below Carmel.

The concert, originally scheduled for Sunday afternoon, Jan. 19, is open to the public without charge.

The program will include baroque and renaissance music especially written for

brass ensembles and designed by the composers to be played in churches with a particular echo quality. The monastery, according to Smith, "is one of the few modern buildings which come close to having the 'reverberation time' of the old churches."

Members of the ensemble are Jim Drake, Phil Stock and Greg Stegeman, trumpets; Sue Perry, French horn, and Smith, trombone.

### Art Show At Seaside City Hall

The Seaside Art Commission is presenting an unusual four-man show of watercolors and oil paintings plus a one-man show of wood carving by Bob Bratt, a former Seaside city councilman.

Bernice Huber, Jean Hofas, Lucile Herber and Stan Spohn, all from the Artists

Co-Op Gallery of Carmel Valley, are displaying their seascapes, landscapes and other works of art in the City Hall Gallery through the entire month of January.

These artists have exhibited widely as individuals, but this is the first time they have exhibited as a group away from their Carmel Valley gallery.

They have won numerous awards and honors, and many of their works are in private collections.

Bernice Huber also teaches art at the Carmel Adult School.

Bob Bratt, a retired city councilman, is a self-taught artist who carves in woods of all kinds.

His eagles, American emblems, patriotic pieces and a huge screen with detailed carvings may be seen at the exhibit.

The public is invited to view both art and craft exhibits at no admission fee.

The exhibit is open weekdays from 10-12 and 1-5.

### Mackenzie Leaves Mark Thomas Inn

Graeme Mackenzie, general manager of the Mark Thomas Inn in Monterey, resigned effective Jan. 15, to take up a new appointment in February as director of hotel improvement for SAGA Administrative Corporation, with headquarters at One Saga Lane, Menlo Park.

The SAGA Corporation and its subsidiary SCOPE, have been best known in the field of food services at 250 colleges and hospitals across the nation and in the building and operation of contemporary residential complexes, to house and feed up to 1,000 university students, with such innovations as private bathrooms, heated pools and a choice of a la carte restaurants.

Their latest development is the formation of a new hotel division, to design, operate and manage large hotels. The first such hotel is to be built on a site adjacent to the Stanford University campus, where Mackenzie will be directly in charge of planning a 400-500-room hotel due to open in 1971.

Mackenzie served on the Board of the Visitors and Convention Bureau, was treasurer of the Monterey Peninsula Hotel Association and president of the Scottish Society of the Monterey Peninsula.

### Lots of January Babies

For some reason there are more births than usual the first week of this January.

On Jan. 1 Cassie Suzann arrived for Mr. and Mrs. Robert W. Reese of Mission Field Road, Carmel. On the same day Mr. and Mrs. Graves L. Cox became parents of a boy, Michael Sean, and Mr. and Mrs. James F. Yax of a daughter, Colleen Louise.

## PINE NEEDLES

By MARGOT HYATT — Call 624-3881

Mrs. Linda Spillars, chairman of hostesses who help to keep the Monterey Peninsula Museum of Art open to the public, sits between Mrs. Leonore Libby, to her left and Mrs. Walter Rowland of Pebble Beach, to her right. President Mrs. William (Maggie) Arnold and Mary Jane Spence, curator, expressed their appreciation at a tea especially for the hostesses.

### Alliance French Conversation Tea

On Tuesday, Jan. 28 at 3 p.m., Mrs. John W. Rees will entertain members of l'Alliance Francaise at the monthly French conversation tea. This will take place at her home at 3053 Bird Rock Road, Monterey Peninsula Country Club. For reservations, telephone Mrs. Rees at 375-6291.

Col. and Mrs. Allen Griffin and Col. and Mrs. Horne were honored guests recently when l'Alliance entertained the Consul General of France to San Francisco and Mrs. Claude Batault. Mr. Batault spoke on "France Today." Mrs. James Hathaway and Mrs. Sean Flavin, co-presidents of the local Alliance, were hostesses in charge of the French dinner.

Conversation French classes, sponsored by l'Alliance Francaise are being held to help those planning a trip to France or simply want to brush up on their French. Qualified native French teachers will perfect your almost forgotten French. For information telephone Mrs. Jack Longfellow at 659-4789 or Mrs. John Dowdakin at 659-2356.

## Graphics Featured In Beardsley Room Of Carmel Art Association

By Louise Cook

A graphic show of drawings, lithographs, pen and ink sketches, etc. is the featured exhibit in the Beardsley Room of the Carmel Art Association during the next month.

This kind of show is a real test of the drawing ability of the artist as the use of color cannot be counted on to support the artist's idea.

Leslie Emery, whose incredible attention to detail achieves the most compelling portraits, is represented by "La Vieja de Oaxaca."

"Old Mill in Normandy," a conte crayon drawing by Jeanette Maxfield Lewis, has a certain magic about it that suggests an illustration for a fairy tale.

"Cypress Point," a beautiful traditionally done pen and ink sketch reveals the controlled hand of Charlotte Morton.

The form and substance of Royden Martin's nudes can be seen in his drawings as well as in the oils on gold leaf for which he is so well known.

Elwood Graham contributes a fine preliminary sketch he did of the late John Steinbeck for a portrait Steinbeck had commissioned him to do.

Hanging in the main gallery is an abstract painting, partly collage, by Ruth Buffington, done in hot colors relieved by small flashes of green.

John La Pierri's architectural collage achieves perspective and weight.

Fleg Murray's "Olden Times in Eureka" is starkly primitive in feeling.

Nancy Johnson, who has contributed so much to our art community in her well attended painting classes, shows a masterfully unworked watercolor "Red Barn Near Cambria."

## Carmel Museum of Art Report

(This is the second and last installment of the annual report of the Carmel Museum of Art, and deals with the activities of Mrs. Betty Hoag, research director for the museum.)

The year 1968 was a busy one, the most important part of Mrs. Betty Hoag's activities relating to the primary reason for the existence of the museum—presentation to the public of our four annual exhibitions: at this time last year, the Myron Oliver show; in March, The Magic Lens of Arnold Genthe; in June the Raymond Yelland show; in August, the Roots of the Carmel Art Association.

Mrs. Hoag's work involved writing catalogues for three of these, after extensive research consisting of taped interviews with artists and their families, studying source material such as all of the Carmel Art Association records and the Pine Cone newspapers of the period 1929-1934, and consulting records in the courthouse in Salinas.

The Roots of the Carmel Art Association show was done in its entirety by Mrs. Hoag.

The program for volunteers of the Museum was conducted until June, and consisted of weekly lectures on art history. For it, Paul Mills of Oakland gave a guest lecture, and in May Alfred Frankenstein also spoke to members; his article afterwards in the San Francisco Chronicle greatly increasing public awareness of our new Museum.

Another aspect of Mrs. Hoag's work has been various articles written for the local newspapers about the Museum's activities, and publicity stories to accompany current exhibitions.

Much of Mrs. Hoag's work comes under the heading of public service. A continuing one is answering inquiries about particular artists—from people who stop by the Museum desk, or who write in their questions, or from the local library or other museums. These involve research and usually a short written monograph.

A professional service has been acting as recording secretary of the Monterey Peninsula Coordinating Arts Council, which involves a monthly membership meeting, a monthly board meeting and delivering calendars once a month to the entire Carmel Valley area.

In June Mrs. Hoag was sent by the Council to San Francisco to attend a three-day symposium on "The Arts and Society," attending it with Mrs. Eleanor Melvin, acting executive director.

Largely because of this association, the Carmel Museum of Art was chosen to exhibit the beautiful Hurschler tapestry collection during the time of the Bach Festival in July, a project entered into jointly with four other cultural groups of the community.

Membership in the Monterey History and Art Association has again led to con-

tribution of time in serving as hostess at both the Merienda and the Adobe Tour, helping in public relations for our Museum.

In September, the City of Monterey asked Mrs. Hoag to prepare an exhibition of the works of four members of the Charles Rollo Peters family. In a short period of three weeks she researched and wrote a catalogue about them, collected, over-saw cleaning and framing of the paintings, arranged and hung the display. Since Peters is an important member of our historical artists, this material was valuable research for future use of the Carmel Museum of Art.

During the fall Mrs. Hoag also prepared an introductory article about early painters on the Monterey Peninsula for Mrs. Lee Harbick which is scheduled to appear in her magazine—"The Artists of the Monterey Peninsula"—in February, 1969.

At the end of October Mrs. Hoag enjoyed a vacation.

## Nan Greacen Paintings Featured In Current Perry House Exhibition

The paintings of Nan Greacen are currently being featured at The Perry House Gallery in Monterey.

Nan Greacen (Mrs. Rene Faure), a popular American portrait and still-life painter, was born in Giverny, France, where her father, Edmund Greacen, was actively participating in the new movement of Impressionist painting.

After graduating from the Brearley School in New York, she attended the Grand Central School of Art for four years and studied under Wayman Adams, Arshile

Gorky, Jerry Farnsworth and, of course, her father.

In spite of early and strong influences of Impressionism, her style is entirely her own. She does not copy nature but interprets it with a refined color sense and exciting technique.

Miss Greacen has won one or more prizes every year since 1936 when she was elected to the National Academy of Design.

In 1940 Nan Greacen became an associate academician and later was elected National Academician.

## PARTY PLANS . . .

by Phyllis Jervey

### "Entertainment Without Gaining"

What we mean is entertaining without gaining anything but friends!

Too many party planners continue with an accent on elegance but let the calories fall where they may — which is usually where one least needs or wants them.

After the usual holiday overindulgences, now is the moment of truth. Yet why give up those pleasures of good company plus good food?

Your fireplace glows with hospitality. As far as drinks are concerned, discretion suggests a punch made with dry white or red wine mixed with unsweetened fruit juice. The tomato juice adherents have only to ask for it.

Canapes are quite simply disposed of. Or else an appeasement consists of low-calorie bases under provocative toppings. But filling and delicious!

On a large dramatically arranged tray assemble the following: Unpeeled cucumber chunks; paper-thin slices of raw turnip; one-inch celery rounds; cherry tomatoes with pulp scooped out (save same); razor-thin lemon and/or lime slices; whole small canned beets; raw mushroom caps; radish roses; raw broccoli spears,

thinly sliced; carrot sticks; cabbage wedges, the young green ones; even tiny raw brussels sprouts and, of course, cauliflowerettes.

Have dip and dunk bowls surround the vegetable virtuosos. Fill these with such deceiving mixtures as:

#### Crabmeat Spread

One 3½-oz. can crabmeat, boned, drained, mashed; 2 T. chili sauce; lemon juice to taste; few drops Tabasco; freshly ground pepper and salt to taste. Just mix and chill. Makes ½ cup. Calories 15 per tablespoon.

#### Minced Clam Spread

One can minced clams, drained; ¾ cup low-calorie sour cream or yogurt; 1 T. onion soup mix. Mix items and chill. Mixture thickens under refrigeration, 10 calories per tablespoon.

We'll now go into the dieters' delight regime:

The entree will carry you through until . . .

#### Oven Fried Chicken

Two large fryers, cut up; salt, paprika, garlic powder and onion salt to taste; 1 egg slightly beaten; 1 cup cornflakes, crushed fine; consomme as needed.

Beat seasonings into eggs; dip chicken parts into egg and coat with cornflakes.

Place in shallow baking pan. Add stock and cover with foil. Bake in preheated 375 F. oven and cook, covered, for 40 minutes. Garnish with thinly sliced scallions. Calories per servings 245 . . . recipe should serve six!

#### Grapefruit-Artichoke Salad

Two grapefruit and 1 orange, peeled and separated into segments; 1 pkg. frozen artichoke hearts, cooked as directed; ½ cup low-calorie bottled dressing; mustard, mashed garlic clove; salt and pepper to taste; lettuce.

Arrange first five items on lettuce greens. Combine the rest and pour over salad. Serve chilled, 60 calories per serving.

#### Tropical Sherbet

One 6-oz. can frozen orange-pineapple juice, unsweetened; ¾ cup cold water; ¾ unsweetened apple juice; 1½ t. sugar substitute; ½ cup non-fat dry milk solids.

Combine liquids; add sugar substitute, stir until dissolved. Add dry milk and blend mixture well, then pour into chilled refrigerator trays, moistened first. Place trays on bottom of freezer compartment for about an hour until sherbet has just begun to freeze. Turn sherbet out into chilled bowl and rotary beat or wire whisk until fluffy, but not melted. Return at once to refrigerator tray and continue to freeze until almost set. Now repeat beating procedure. Keep in freezer compartment until needed. 63 calories per 1/3 cup.

Coffee minus benefit of cream or sugar and voila!

Ladies' luncheons bring problems for dieters. De-

calorizing will be welcomed by all yet the offerings can still be a delight. A thin soup to start off, followed by baked seafood in shells, a green salad with slim dressing and a sweet but low dessert. Cutting down at dinner will help the total for the day.

#### Consomme Orientale

Two cups chicken broth or bouillon; 2 cups tomato or V-8 juice; ½ cup water; 1 small can bamboo shoots; drained and diced; 2 T. lemon juice; 2 scallions, minced; 1 minced unpeeled zucchini, scrubbed and diced; salt and pepper.

Combine everything and bring to a gentle boil. Lower heat and simmer 20 minutes or until zucchini is just tender. Serves 6 in bouillon cups. 35 calories per serving.

#### Baked Seafood in Shells

One cupful cooked flaked haddock or sole; 1 cup cooked tiny shrimp; 1 T. flour; 1 cup fish stock or use chicken broth; 2 eggs, separated; 1 t. paprika; dash of cayenne; pinch thyme; ½ cup grated Parmesan cheese; minced parsley; lemon slices.

Dissolve flour in cold stock. Bring to a boil and add egg yolks, slightly beaten with fork. Stir well as yolks are added. Season and when slightly thick, add seafood. Fill lightly buttered shells. Beat egg whites stiff, adding cheese as you beat. Cover filled shells with egg white mixture. Bake in 375 F. oven until lightly browned and puffy. Sprinkle with paprika and minced parsley. Decorate with thin lemon slices. Serves 6. 120 calories each.

#### Spiced Fruit Compote

One cup canned dietetic pears, quartered, with liquid. 1 cup water-packed sour red cherries, pitted and drained; 1 cup dietetic apricot halves; ½ cup water; 2 t. Sucaryl; 2 T. lemon juice; 1 t. ground ginger; 2 cinnamon sticks; 4 whole cloves.

Place fruit in large skillet. Combine water, Sucaryl, lemon juice, ginger, pear liquid and pour into skillet. Add cinnamon sticks and cloves and heat gently. Simmer 10 minutes, basting fruit with syrup occasionally. Let cool in liquid, while basting.

Strain syrup and pour back over fruit. Serve warm or cold. Pass low calorie whipped dressing. Serves 6. 35 calories each, minus dressing. Tea with lemon or coffee with Sucaryl top off a really satisfying meal.

For further highlights of pleasant calorie-saving fare, do consult the excellent book "The Gourmet in the Low-Calorie Kitchen" by Helen Belinkie, published by David McKay Company, Inc., New York. The above samples were taken from this reliable source. Happy dieting, if you can really call it that.

**The Roar of Grease Paint, Smell of the Crowd**—Comedy musical-drama about the haves and the don't haves. Great entertainment at the Circle, playing to packed houses. This is the theatrical season in Carmel, so reservations for all live performances in town, please.

**Guys and Dolls**—Damon Runyon's Broadway smash concerning a floating crap game, a Salvation Army lassie and lots of guys and their dolls. Runyonese became a part of the American scene with the success of this musical.

**2001: A Space Odyssey**—Far reaches of space explored in this splendid, highly imaginative science-fiction production. Keir Dullea, Gary Lockwood. Wonderful entertainment.

**Candy**—Just about everybody in Hollywood shows up in this including Marlon Brando, Richard Burton, Walter Mathau and Ringo Starr. Script by Buck Henry, who wrote "The Graduate."

**The Fixer**—Alan Bates plays a young Jew in Czarist Russia, falsely accused of murder. A sincere and earnest treatment of a man's deep courage.

**The Secret War of Harry Frigg**—Paul Newman in a derring-do war story of a private who becomes a hero. Newman devises a plan to rescue five allied generals.

**The Hellfighters**—An action-packed adventure story of men who have dangerous jobs. John Wayne as an oil well firefighter and the story of his difficulties with his family.

**The Brotherhood**—A powerful study of brother against brother in the rackets—the Brotherhood against the modern crime syndicate. Kirk Douglas and Alex Cord are excellent.

**Uptight**—Powerful drama of the frustrating role of Negroes in a changing world. This film includes a frank, uninhibited look at Black America today.

**Interlude**—Oskar Werner plays an aging symphony conductor who becomes infatuated with a young girl. The film is well done, the portrayals honest.

**Daring Game**—A team of undersea and air specialists rescue a scientist and his daughter from a tropical island. Lloyd Bridges is back in the water.

**Closely Watched Trains**—A Czech film, winner of just about every award possible, including the Academy Award for the best foreign film of 1968. Jiri Menzel directed.

**Dear John**—Swedish film based on Olle Lanskog's novel, one of Scandinavia's all time best sellers. Tender love story about a barge captain and an unmarried mother.

You read the reviews of current stage productions in the Carmel area, and sometimes that's not a good idea. The reviews of "The Roar of the Greasepaint, the Smell of the Crowd" led one to believe that this was a musical drama of today's problems with the "haves" and "have-nots" in conflict, so we went to the Circle Theatre to see the Golden Bough production.

We kept looking for some indication that a message of massive social significance would come across.

Instead, "TROTGTSCOTC" is a delightful musical comedy with some great music, great performances, great staging and outstanding direction.

And at least I wasn't able to discover much social significance, much great psychological overtone.

There's a hero, who at times is exasperating, a villain who is always exasperating, as a villain should be, some urchins who cavort through the production, much to its betterment, and two songs in particular, "A Wonderful Day Like Today" and "Who Can I Turn To?" are outstanding.

"TROTGTSCOTC" is well worth the trip to the theater, particularly if you prefer to relax and enjoy the play without spending the evening looking for something that can be called "social significance." —crb

### THEY AREN'T ALL HIPPIES by Allman Cook

If you are disappointed in our school age youth today then it is very probably that you are not one of the rooters at their constructive activities such as sports.

You need only attend a basketball or football game, swimming meet or any sport to find that the ideals for youth you have set in your mind do prevail.

Here you will find clean faced boys, many even with crew-type hair cuts. The girls look feminine the boys look masculine and the clothing they all wear attests to their desire for harmony and discipline.

The very wonderful part of this is that these young people represent the majority in our schools. They are the healthy-minded ones who keep on being busy after normal school classes.

They attend sports practice, debating practice, glee clubs, foreign language clubs.

Usually they have duties at home such as cutting grass, cleaning the yard, maybe some painting, burning trash, helping with the housecleaning, washing dishes, sewing. Many have after school jobs. They don't have time to go sit around the park displaying their laziness in slovenly clothing, postures and attitudes.

Their thought is not so lazy and sick that they need

artificial stimulants, narcotics, drugs, pacifiers.

Unfortunately, when the schools let out for lunch or at the end of the school day, the lazy and sick in mind are the ones you see. The others are about the business of preparing to take their place in constructive society.

Now don't be lazy and take my word for this or dispute it.

Go, see for yourself, especially if you have children who would love to have you "with them."

### Crown Chamber Group To Perform

The Chamber Music Society of the Monterey Peninsula will present for their first concert of 1969 of the 1968-69 series the Crown Chamber Players at the Carmel Museum of Art on Friday, Jan. 24.

This distinguished group of artists formerly appeared on this Peninsula in 1967 and again in 1968 through the courtesy of the University of California at Santa Cruz's "Project Outspan."

Clarinetist Rosario Mazzeo was for many years the principal chair clarinet with the Boston Symphony Orchestra and was chairman of the woodwind department of the New England Conservatory for 25 years. Many well-known composers, including Hindemith, Piston, Schuman and Harris have written solo parts especially for him.

Cellist William Van den Burg, also a lecturer in music, is a native of The Hague and was graduated with the highest honors from the Royal Conservatorium. He has been solo cellist with the Philadelphia Orchestra under Leopold Stokowski, with the San Francisco Symphony under Pierre Monteux and has performed with the Los Angeles Chamber Orchestra.

Pianist William Corbett Jones, resident of the San Francisco East Bay Area is a member of the faculty of the University of California at Santa Cruz. Jones was warmly acclaimed during his performances at the Salzburg Festival.

The 8-p.m. concert is with admission to members only. President Angie Machado suggests that members unable to attend loan their membership cards to friends, since the membership quota has been reached.

Now that children are no longer an economic asset, but rather an economic liability, we are going to have to find substitutes for having children.

To realize one's potentialities as a human being will assume more importance than one's maleness or femaleness.

A large audience filled the lecture forum.

## Carmel Travelers

Christmas letter from the Jerry (Marie) Barkers who have lived in Carmel for 35 years.

Sailed from San Francisco aboard the Swedish freighter "M. S. Nimbus" bound for Australia.

Delightful days of changing sea and sky, some all vivid blue and white clouds to match the white caps of the sea . . . others, tho not many, grey and underwater currents causing high waves and deep troughs to show another mood of the ocean.

Moments of excitement for the 12 congenial passengers were the flying fish, porpoises, spouting whales, and a few albatross.

Red sunrises promising too much warmth for the day, fantastic sunsets, starry nights, all accompanied by throbbing engines and a rolling ship made for good sleeping.

Brisbane, Australia was the first port . . . stayed only 10 hours to unload freight . . . but took a land tour including the "Koala Sanctuary" — those lovable babies!

Sydney, last port o'call, so "till-we-meet-again" to our 21 day group, and we settled into the old Metropole Hotel to tour this city of 2½ million people, and see some of the nearby area.

Thru friends in Carmel we met (via mail) "The Morses" of New Zealand, who greeted us at the airport in Auckland. Nice city, so we started acquaintance there with our new friends, and the many customs, culture, and idioms of speech of these people.

Everywhere in New Zealand the people have a natural friendliness, warmth of spirit, affectionately called "Kiwis" for their national bird, the Kiwi.

In our rented car we went to the northern tip "90 Mile Beach", then the eastern coast's "Bay of Islands" — 365 of them.

Dairy farms are everywhere — N.Z. is famous for cheeses. Lakes are scattered like blue or green jewels — rain forests—Waitomo "Glow Worm Grotto" was fascinating—Napier—Rotorua hot thermal waters.

Enjoyed a Maori concert, then on to Wellington where

we crossed a rough section of the Tasman Sea to Picton, South Island.

Here our exciting tour of So. Island began. Following the coast of the Tasman Sea to Nelson, Greymouth, the thunderous sound of Punakaiki Pancake Rocks at high tide, and on to the snow and glaciers of Franz Joseph. Took a ski plane over Mt. Cook, Mt. Tasman, and landed on a snowfield of Fox Glacier. A thrilling experience!

Inland to the "Fiordland" — another two hour flight called "Gateway to Magnificence" — over snow-capped mountains, blue lakes, deep gorges and giant waterfalls. Visit to Christchurch highlighted by newly-made friends who proudly showed us their beautiful city. Farewell to New Zealand.

Nandi, Fiji by jet—smiling and vocal "Bula" (welcome); air taxi to "Korolevu" island — Paradise in tropical setting of palms, banana, coconut and paw-paw trees.

Our "Buri" 20 yards from the lovely beach. Colorful native garb—"sarongs" for girls . . . "sulus" for boys (they keep cool!), and hibiscus blossoms worn in hair of both.

Fijian nite — ceremonial dances, singing and good food—sooo reluctant to depart!

Then, Tahiti and Moorea island—too humid but same tropical atmosphere.

On to Hawaii to see why everyone loves it and we did too! But, a 5 day stay, and homeward bound for Thanksgiving with family and friends.

### Christian Science Radio Program

The title of this Sunday's program in the Christian Science radio series "The Bible Speaks to You" is "How Can You Say Life is Wonderful?" It will be heard over stations KGO at 7:15, KRML at 7:45 and KDON at 8:45.

This program explains how accepting and living in daily life such natural God-given qualities as dignity and intelligence, man can know an improved and happier life.

COURT ACTION—Bruce Winkler, 6'5" center of the Carmel High Padres, dribbles for the King City basket during the Padres' 59-50 win over the King City Mustangs Saturday night. Trailing Winkler is Bill Conlan (15).

### Padres Tounce King City For Fourth Straight MTAL Win

By Hal Gann (Sportscaster on KRSA-FM)

Carmel High's varsity basketball team made it four MTAL victories without defeat Saturday evening, staving off a stubborn King City team on the Padre home court, 59 to 50.

Ed Garrett, the Mustang mentor, had his charges really primed for the game and did enjoy a two to three point lead throughout most of the first quarter.

But Carmel, thanks to the alert ball-hawking of Ross Smith (who hit three field goals out of three attempts from the keyhole) led at the end of the initial period, 14-13.

In the second quarter, Carmel's 6-5 center Bruce Winkler, playing inspired basketball, started controlling both backboards and poured in eight points to give the Padres an eight-point lead at halftime, 30 to 22.

Winkler cashed in with 25 points, and 19 rebounds. Chris Laiolo, 6-2, also getting his share of defensive rebounds again, scored 13.

Smith, before fouling out at the start of the fourth quarter hit for 10, Steve Taylor with three, Malcolm Hall with four and Mark Spindler while playing another good game on defense, registered two. Pete Shaw, promising 6-2 junior, also tallied two.

Carmel Coach Jason Harbert complimented his team's defensive play as a key to the victory in a post game interview over KRSA-FM.

The next Padre broadcast will be Saturday, Jan. 18 at 8:15 p.m. when Carmel goes to Cabrillo College to play Holy Cross in another league game (KRSA—100.7 mc).

The Carmel junior varsity won on Friday night also, defeating SLV, 79-43, and lost Saturday evening in a real thriller, 52-50, won in the last seconds by the King City junior varsity.

Jeff Canepa starred with 19 points.

The Carmel freshman team bowed on both nights . . . 35-48 to SLV and 33-61 to King City.

## PG&E Will Seek Gas Rate Boost From Calif. PUC

Pacific Gas and Electric Company is seeking permission from the California Public Utilities Commission for an increase in its natural gas rates, the first in eight years.

If the PUC authorized the utility's requested annual rate hike of \$37,110,000, the boost would average less than four cents a day for the nearly two million PG&E residential customers in Northern and Central California.

The company based its request on increased charges for gas from its principal supplier, El Paso Natural Gas Company, scheduled for March 7, 1969; the 10 percent Federal tax surcharge imposed earlier this year; higher interest rates and other costs of doing business.

The first step of the two-stage raise, to be effective in March, would be a \$13,738,000 offset increase coinciding with El Paso's higher charges to PG&E.

The second phase of the increase is planned to meet record high bond interest, which the company will have to pay to finance 1/3 billion dollars worth of new gas facilities in the next five years; a 42 percent rise in labor costs in the past five years; an anticipated rate boost from Canadian gas suppliers; and earnings of 7.5 percent rate of return, reasonable under present conditions, PG&E believes.

The utility pointed out that while it has spent \$400 million for new gas facilities since 1960, it has reduced gas rates several times in this period for combined annual savings of \$13 million.

## Bank of America Offers Two New Savings Plans

Bank of America today announced the availability of two new savings plans that pay 5 per cent interest to savers.

"The plans are designed to meet the needs of the average saver," according to President Rudolph A. Peterson. "They provide for payment of the highest possible interest with the continued maximum safety of the world's largest bank."

He added that the individually-tailored savings plans are being instituted as a companion service to the bank's "personal choice" checking accounts.

The first plan is a special passbook account requiring a minimum balance of \$500. Additional deposits in multiples of \$100 may be made at any time. The 5 per cent interest is compounded and credited quarterly.

The second new Bank of America plan is designed to supplement existing time certificate of deposit programs which require deposits in multiples of \$1,000. This plan also requires a minimum deposit of \$1,000, but deposits in multiples of \$100 will be accepted.

The major new advantages of the latter plan, Peterson said, are that the 5 per cent rate is guaranteed for five years, interest is payable quarterly, and withdrawals are optional at quarterly intervals.

### OBITUARY

Melville G. Quyle, 55, Carmel resident for 11 years, died Jan. 5. Born in Columbus, Ohio, he formerly operated a gift shop on Fisherman's Wharf. He is survived by his wife Jane, a son Robert and three grandchildren of San Pablo; two daughters, Mrs. Robert Middleburg of Monterey and Miss Patricia Quyle of Carmel.

## Letter To The Editor

Dear Sir:

This is in reference to Councilman Frank Falge's letter to you regarding Edgemere Cottages' request for a permit to make certain changes.

Mr. Falge stated that Edgemere has been granted a permit to do work which "is in clear violation of the wishes of Carmel voters as expressed in the April referendum."

He seems to have overlooked the fact that Edgemere's permit is merely to bring two existing buildings "up to code," and to do so they need an additional 165 feet in each building. A total of 330 feet! A mere 10% of the total building area which they have now!

All this in order to improve their property and conform to the building codes of the city!!

And this is being objected to by a "group of Carmel citizens stirred to action (according to the Pine Cone) by the Carmel Citizens Committee" to file an appeal against their own city council.

From the looks of the signatures on this petition, this is the same group who instituted the referendum last spring.

But was it their wishes which were expressed, or was it the wishes of the majority who defeated the referendum and voted to keep the ordinance?

Mr. Falge, I think you are mistaken when you say that this permit is in violation of the wishes of Carmel voters. It may be in violation of the wishes of a small group but clearly not the majority.

I also think that you made a grave mistake, Mr. Falge, when you referred publicly (in your letter to the Pine Cone) to the fact that Mr. Ashton Stanley, who upheld the city's position on Edgemere, doesn't live in Carmel. I have been wanting to ask publicly for quite a long time now—where does the president of the Carmel Citizens Committee live? He has just stirred up another hornet's nest in our fair city by getting a group of citizens to file an appeal against City Council, but did you notice that he didn't sign this ap-

peal? His signature would be useless; he's not a citizen of Carmel. At least, even though he lives in Pebble Beach Ashton Stanley pays a considerable amount of taxes on property in Carmel (does Admiral Fisher?); he helps the city's financial position considerably by helping to collect a large amount of hostelry tax; and I would be willing to wager that he spends most of his waking hours in the City of Carmel, not only looking after his own business interests, but in doing such things as acting on the Sunset Commission and being active in other community organizations.

Most of the members of the Citizens Committee, including their non-citizen president, have come to Carmel to retire, and I'm happy for them that they have been able to live fruitful lives elsewhere and then reap the benefits in our beautiful community. But can't they see that there are just as many, and possibly more, who have come here to live the fruitful parts of their lives and hence are running businesses, motels among them, and that we should all be able to live together in peace and harmony?

Admiral Fisher, Mr. Falge, Mr. Norberg and the rest of you, please don't disrupt that peace and harmony again as you did last spring.

In your letter, Mr. Falge, you asked that we keep Carmel Carmel. In granting Edgemere's permit, nothing to change Carmel is being done. This charming Carmelish structure will look exactly the same as before; there will be the same number of units; there will be no increase in number of guests—nothing that will interfere with keeping Carmel Carmel. Let's trust in the honesty and integrity of your brother councilmen and the rest of the city family and let THEM, not a defeated councilman and a non-citizen president of the Citizens committee, interpret and enforce our laws.

## YMCA Will Open 1969 Fund Drive

William R. Lewis, MD, President of the Monterey Peninsula YMCA, announced this week that Russ Harris will head the YMCA's 1969 current support campaign which will be held during February.

In turn, Harris announced the appointment of section leaders in the campaign organization. They are Doug Leach, Bob Jacobowsky, Don Ostergard and Paul Davis.

Chairman of a special advanced gift section is Robert G. Frost, MD. This section will begin its work two weeks ahead of the general campaign which will kickoff on Jan. 30.

Dr. Lewis also announced the goal of the 1969 campaign, which is \$37,800. Funds will be used to operate the Monterey Peninsula YMCA's Youth Program for the current year.

Now in its third year of operation, the local "Y" has come a long way. There are presently more than 850 youth and adults active in year-around Y-Club Programs, and there were 546 campers and leaders in YMCA camps this past summer.

"Everyone knows the tremendous need for work with youth," said Lewis. "I believe the YMCA has the 'tools' — the youth programs—to do what needs to be done. But it takes money to put these tools to work, and we need everyone's help."

## Sunset Notes

by Dr. James E. Gilman

Carmel's newest theater group, The Young Artists' Theater, will present the first of nine performances of Samuel Beckett's tragic-comedy "Waiting for Godot" tomorrow evening, Jan. 17th at 8:30 p.m. at the Forest Theater.

Other performances are scheduled for this Saturday and Sunday and the next two following week-ends. All performances will start at 8:30 p.m.

Among those featured in the play are Wendy Grissim, John Rousseau, Jeffry and Eric Jennings and Dean Funk.

At each performance Dave Allen will give a slide-show entitled "Let Us Begin" based on President Kennedy's inaugural address of some eight years ago.

The Young Artists' Theater is composed of past and present students of Morgan Stock's Monterey Peninsula College Theater Group.

Incidentally, "Godot" will be played in the Theater in the Ground, a 75 seat theater located just below the main stage of the Forest Theater. So there's no need to worry about sitting outdoors and flirting with Hong Kong Charlie.

Tickets will be on sale at the Forest Theater, Mountain View and Santa Rita Streets, Carmel, prior to each performance. For ad-

vance reservations call Dave Allen 375-8713.

**New Photography Exhibit**  
Last Friday evening Minor White's exhibit of photographs opened at the Friends of Photography Studio at the Carmel Cultural Center. The show is scheduled to continue through Feb. 16th.

Like many photographers, White has had a diversified background. He holds a degree in botany from the University of Minnesota, has written poetry, and served in the South Pacific during World War II.

He began teaching art photography in 1940 and has taught at the Rochester Institute of Art, The California School of Fine Art, and has been teaching at the Massachusetts Institute of Technology since 1965.

His books include "The Zone System" and "The Encyclopedia of Photography." He has contributed articles to every major photographic publication. He was the publisher and editor of "Aperature" 1952-65, and editor of "Image," 1953-57.

Minor White was associated with the George Eastman House and with Beaumont Newhall at the Museum of Modern Art. In 1963 he founded the Society for Photographic Education.

The exhibit is open to the public every day from 1 to 4 p.m. except Monday. Admission is free.

## WE'RE SPENDING \$340 MILLION KEEPING UP WITH THE JONESES.

The Joneses. The Smiths, the Browns. Customers whose needs for gas, light and power continue to increase. Also, new customers to serve. We're investing \$340 million during 1969 to expand our facilities to keep ahead of the growing demands for service.

Injecting this kind of money into the California economy does more than expand and improve PG&E

facilities. This investment creates new jobs and businesses. New industries.

New PG&E facilities pay additional local taxes which share the costs of your local schools and government.

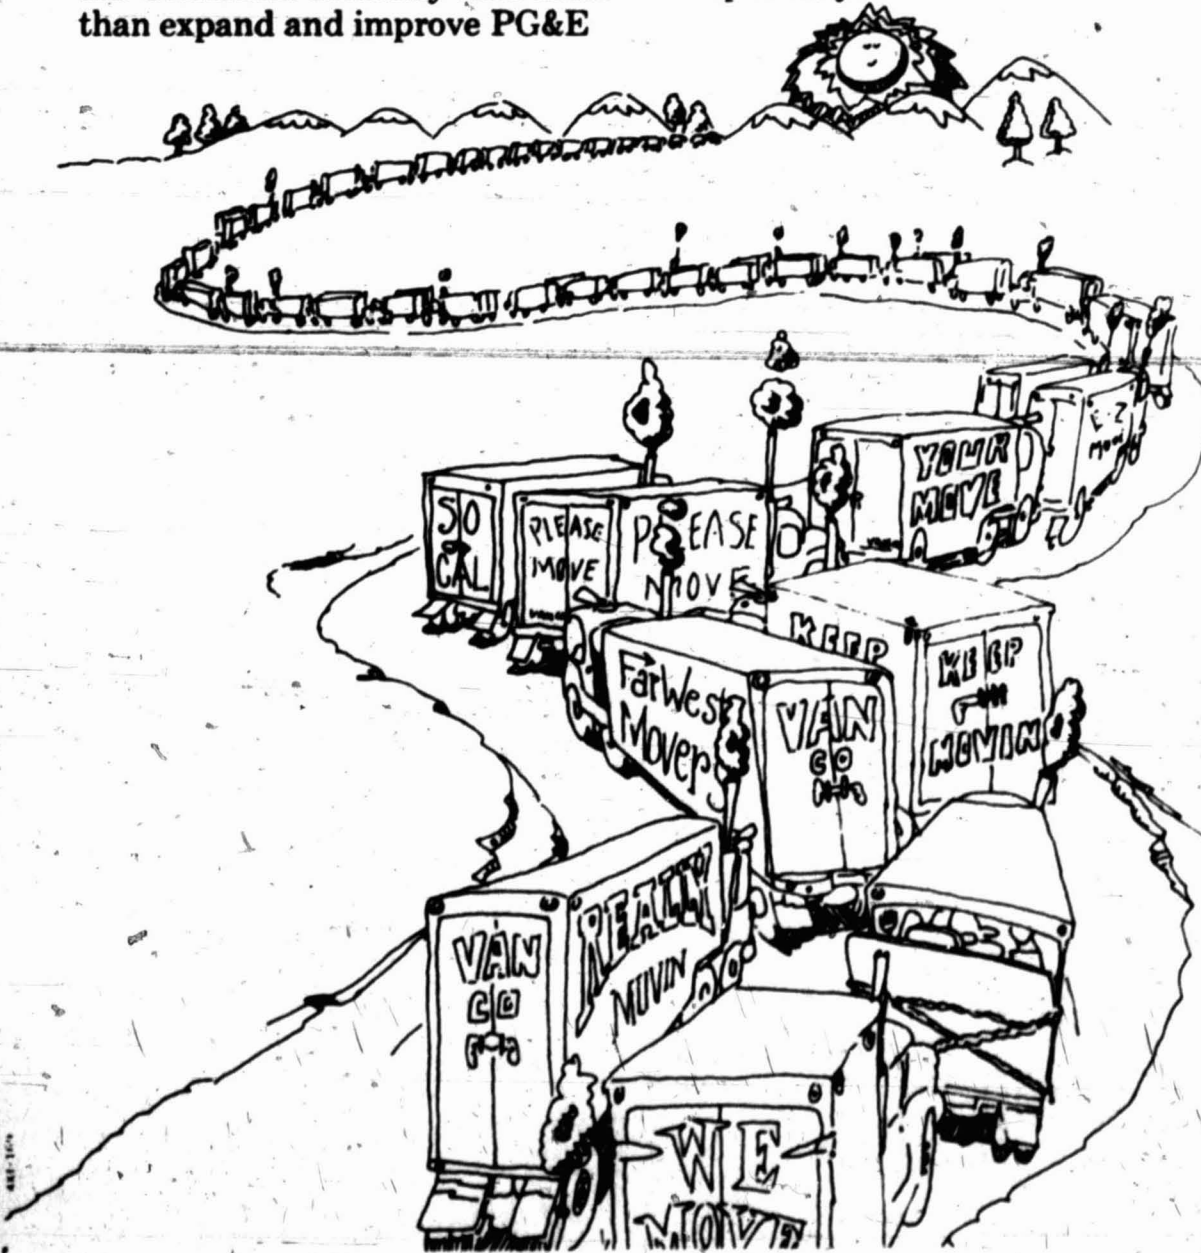

Whatever your name is, we're doing all we can to keep **PG&E** up with you.

## Christian Science Bible Lesson

"The gift of God is eternal through Jesus Christ our Lord."

This verse from Romans is the Golden Text of the Bible Lesson-Sermon titled "Life" that will be read in all Christian Science churches this Sunday.

Among related passages to be read from the Christian Science textbook, *Science and Health with Key to the Scriptures* by the denominations Founder, Mary Baker Eddy, is the following: "Life is eternal. We should find this out, and begin the demonstration thereof. Life and goodness are immortal. Let us then shape our views of existence into loveliness, freshness, and continuity, rather than into age and blight."

## Annual Meeting At All Saints'

The annual Parish Congregational Meeting will be held in All Saints' Church Sunday, Jan. 19 at 10 a.m. beginning with a Festival Eucharist.

All clergy, layreaders and members of the Boys, Girls and Adult Choirs will participate.

Following the service the meeting will convene in the parish hall at 9th and Lincoln Streets under the chairmanship of the rector, the Rev. David Hill.

Among the items of business to be conducted are the presentation of budgets for the parish and the day school, the election of five persons for three-year terms to the vestry, the election of seven delegates and seven alternates to the diocesan convention in San Francisco Feb. 1 and 2.

In addition various parish groups and organizations will submit reports.

The rector will deliver his annual report outlining goals for 1969 and announcing the choice of a senior warden. Other officers of the parish will be chosen by the newly-convened vestry later in the month.

Members of the vestry in the Carmel parish have included Charles Downes of The York School and Peter Dyer of Carmel as outgoing members, Herbert Liese, Gale Jacobsen, James Neill, Eben Whittlesey, Marilyn Williams, Barbara Kynaston, and Robert Priestley, all of Carmel, as well as George Schroeder, Rolf Johnsen, and Douglas Leach of Monterey.

The parish will also consider plans for expanded work in the parish mission of Santa Lucia in Big Sur; Paul Hettich of Big Sur serves as warden.

## Vocal Recital At Art Museum

One of the most interesting programs of the season, consisting of compositions for voice ranging from operatic quartet to solo number will be presented at the Carmel Museum of Art, Tuesday, Jan. 21, at 8 p.m.

The program was announced by Gilbert Boyer, president of the Monterey County branch of the Music Teachers' Association of California.

Participating will be Nancy Hurdle, Jean Canada, Joe Messineo and Donald Whittette, a quartet representing the Monterey County Opera Workshop.

Soloists will be Hjordias Halter and Norma Jean Hodges.

Accompanists will be Dorothy Heer, Bernice Holyoake, Camille Olaeta and Lora Tucker.

Nancy Ness Bowman is chairman of this event, and announces that the public is cordially invited to attend without charge.

## Boyer Art Show

A one-man show of paintings by Louise Cardeiro Boyer is being shown in the gallery of the Sister Mary Kieran Memorial Library at the Santa Catalina School for Girls.

The School is located on Josselyn Canyon Road in Monterey. It is open from 8 a.m. to 9 p.m. Mondays through Fridays and from 1 a.m. to 5 p.m. on Saturdays and Sundays. The public is welcome to attend at any of these hours.

Many of these paintings were shown recently at the Carmel Art Association Gallery. The group was painted as the result of a period of time spent in Baja, California and shows Mrs. Boyer's interpretations of shore and tidepool scenes.

## ORDINANCE NO. 185 C.S.

AN ORDINANCE SPECIFYING UNLAWFUL PARKING AND LIMITING THE DOUBLE PARKING OF TRUCKS IN THE COMMERCIAL DISTRICT

THE CITY COUNCIL OF THE CITY OF CARMEL-BY-THE-SEA DOES ORDAIN as follows:

Section 1. Unlawful Parking. That Section 549 of the Municipal Code is amended to read as shown in Exhibit "A" attached hereto.

Section 2. Double Parking of Trucks. That Part IV of the Municipal Code is amended by the addition of a new section, Section 549.1—Double Parking of Trucks, which shall read as shown in Exhibit "A" attached hereto.

Section 3. Effective Date. This Ordinance shall become effective thirty (30) days after its final passage and adoption.

## Certification of City Clerk

I, HUGH BAYLESS, the undersigned, City Clerk of the City of Carmel-by-the-Sea, California, do hereby certify that the foregoing is a true and correct copy of Ordinance No. 185 C.S., which was given its First Reading at a Regular Meeting of said City Council on the 4th day of December, 1968, and finally adopted at a Regular Meeting of the said Council on the 8th day of January, 1969.

I further certify that upon its passage the foregoing Ordinance was signed by the Mayor of said City and attested by the City Clerk thereof.

Hugh Bayless, City Clerk

DATED this 9th day of January, 1969.

## EXHIBIT "A"

549. UNLAWFUL PARKING. It shall be unlawful for any person to park any vehicle or pushcart within the city under the following conditions, on any public street.

(a) To stop, stand or park any vehicle or pushcart from which goods, wares, merchandise or foodstuffs are sold, displayed, solicited or offered for sale, barter or exchanged, without permission of the City Council. This shall not apply to persons delivering such material upon order of or by arrangement with a customer.

(b) To park any vehicle used or intended to be used in the transportation of property for hire while awaiting patronage, without first obtaining permission of the City Council.

(c) To park any vehicle for the purpose of displaying such vehicle for sale. The display of any sign or other information on or about the vehicle, indicating that such vehicle is for sale, shall create a presumption that such vehicle is parked for the purpose of displaying it for sale.

(d) To park any house trailer, camper or other vehicle adapted for sleeping or eating purposes, except that such vehicle may be parked on the public streets, in accordance with other State and City laws regulating parking, for a period of not more than 6 hours within any 24 hour period, providing that during the period of parking the vehicle is not used for either sleeping or eating.

## 549.1 DOUBLE PARKING OF COMMERCIAL VEHICLES.

(a) DEFINITIONS. Commercial Vehicle shall mean any vehicle so defined by the State Vehicle Code of the State of California.

Double Park shall mean to leave a vehicle stopped, parked or standing, upon a roadway where there are adjacent curbs, with the right hand wheels of such vehicle more than 18 inches from the right hand curb. Where no curbs exist, the edges of the paving shall be considered as curbs for the purpose of this section.

(b) DOUBLE PARKING PROHIBITED. Because of Carmel's narrow and congested streets in the commercial districts, because the double parking of commercial vehicles creates obstacles to the movement and passage of fire and other emergency vehicles, because said obstruction of emergency vehicles endangers public safety, and upon the recommendations of the Fire and Police Chiefs of this City, it shall be unlawful to double park any commercial vehicle on the South or West side of any street in the commercial district, excluding Ocean and Junipero Avenues.

### WHAT IS IT?

Is it a family home?

Is it a home and studio?

Is it Mother-in-law Solution?

Whatever it is, it rambles over two and a half Carmel lots a few blocks from town and around the corner from Woods School. It has 3,460 square feet. It has from five to eight bedrooms. There are 2 1/2 finished baths and one extra one roughed in with fixtures included. Floors are variously slab, hardwood, tile, carpeted. Walls have paneling or paper. Part of it is only a few years old; part of it is very old. Modern kitchen, several fireplaces. Enormous master suite. Well, why not just LOOK at it and see if it fits your particular big-house needs? The price is \$59,500.

### Two two-s in Carmel

To suit your fancy and budget

(1)  
Do most two-bedroom homes you've seen have miniature living rooms and no fireplace? Have you looked and looked for a house with two MASTER bedrooms—that is, both large, both with lovely baths, and each sunny and pleasant enough to invite use as private sitting rooms too? And you need a double garage? And you'd like a 36-foot living room? Probably you haven't seen our charmer at \$42,500. Inquire.

(2)  
Take a look at one of those rare, well-done small homes in a lovely garden in Carmel's "banana belt"—that pleasant, sunny area just a short walk to the sea. Delightful enclosed courtyard on the East to trap the morning sunlight, cozy fireplace for delightful tea-time pleasures. The whole house, including its two baths and two bedrooms, in immaculate, white-glove condition. And its price is only \$37,500. Details happily provided.

## All-Year-School

(Continued from Page 1)

the extra money it would cost to lengthen the school year.

It was the opinion of both Walker and Supt. Taylor that with the trend toward individualized education that the All-Year-School is a matter of time.

Whether the public would be willing to give up the traditional summer vacation in order to avoid school bond taxes is the moot question.

It was suggested that public opinion be polled before further investigation of All-Year-School.

## Commission OK's Edgemere Plan

(Continued from Page 1)

Del Monte forest. The plan had been referred to them for advice by the County Planning Commission which has specific jurisdiction.

Although objecting to the 10-units-per-acre density, which they considered high, commissioners otherwise found the plans generally acceptable.

After considerable discussion of outdoor displays of newspapers and merchandise at various Carmel business establishments, Commission Chairman Fred Keeble directed the commission's design review committee to consider the matter in further detail. Members of this committee are Commissioners Olof Dahlstrand, Edward

Neroda and Dorothea Roberts.

After hearing a statement by Mayor Barney Laiolo concerning the detailed report on Sunset Center prepared at his direction by Planning Director Riling, Commission Chairman Keeble decided that a special study session on the Sunset report could be set for a March date.

Design approval was given to signs sought by: Interior Design-Fine Furnishings, the Pilgrim's Way, the Gallery of Imagination, and Western Union.

## Has the day of the prudent investor arrived?

For the first time since the Vietnam escalation, Dean Witter & Co. now foresees the establishment of a harder line in both fiscal and monetary policies in an effort to curb inflation as well as inflationary expectations. Reflecting the near-term impact of these restraints, the stock market, as measured by the Dow Jones Industrial Average, has fallen some 65 points since its December 1968 high.

A Positive Investment Policy® for 1969 should take into consideration these questions:

- Is the aggressive investor in danger in today's market?
- What are the prospects for a recurrence of the 1966 "credit crunch"?
- How would peace in Vietnam change the economic outlook?
- Do fixed income securities offer special advantages under today's conditions?

The Economic Policy Committee of Dean Witter & Co. has just completed a report which answers these and other important questions for investors. The report includes a list of recommended securities of different types to match investors' goals. Informed investors should have a copy of this timely document. It is available to you at your nearest Dean Witter office. Just come in or write. Ask for A Positive Investment Policy®, Winter Market Outlook—1969. There is no cost or obligation, of course.
